Nursing Science-2026

The 10th International Conference on Nursing Science & Practice (Nursing Science-2026) provides a platform for practicing nurses, nursing researchers, educators, and healthcare professionals to engage in discussions on diverse facets of nursing science and education. We invite you to participate in three days of enriching conversations, knowledge exchange, and networking at Boston, MA. The conference presents an opportunity for continuing education and offers exciting activities to connect with fellow nursing scholars, professionals, and researchers.

About Organizer

USG (United Scientific Group) is a nonprofit organization that operates as an expert-driven initiative. It is led by an editor's association and an advisory board comprising academicians, researchers, and industry leaders from various research fields. USG holds tax-exempt status under Section 501(c)(3) of the United States Internal Revenue Code. The organization provides services in the areas of science and technology, including publishing, organizing scientific events, and hosting interactive world forums.
